# Methodology

## Tools Used

- **DataForSEO MCP:** Primary keyword analysis and search volume data
- **Perplexity MCP:** Human-typed query generation (25-60 queries per niche)
- **Local Market Analysis:** Miami-specific geographic targeting
- **Real Search Data:** Actual CPC, search volume, and keyword difficulty metrics

## Query Modes Analyzed

- **Broad-in-geo mode:** Head terms within Miami market context
- **City-modified mode:** "{service} miami" variations
- **Human phrases:** 25-60 realistic queries per niche

## Scoring Weights

- **Demand (25%):** Search volume and trend stability
- **Difficulty (35%):** Inverted keyword difficulty
- **Commercial Value (10%):** CPC and service pricing
- **Local Pack Friendliness (15%):** Local pack presence
- **SERP Contention (10%):** Competition analysis
- **Seasonality/Trend (5%):** Demand consistency

## The Winners

---

### #1: Cooking Hood Cleaning (NFPA 96)

**Rankability Score: 85/100**

**Why it's rankable now:** Exceptional demand with 2,400 monthly searches for 'commercial hood cleaning' and 3,600 for 'hood cleaning service'. Very low difficulty (KD 2-9) makes ranking highly achievable. Strong commercial value with CPC \$8.52-\$12.91. NFPA 96 compliance creates mandatory recurring revenue for Miami's extensive restaurant industry.

#### Key Metrics from DataForSEO Analysis:

- **Search Volume:** 2,400 monthly searches (commercial hood cleaning)
- **Keyword Difficulty:** KD 2-9 (very easy to rank)
- **CPC:** \$8.52-\$12.91 (strong commercial value)
- **Competition:** Low to Medium (0.25-0.49)
- **Intent:** Commercial/Transactional

# Runners-up

Niche	Rankability Score	Quick Win	Notes
Smart Home Installation	76/100	✓ YES	Strong demand (1,900 searches), growing trend, good commercial value
Yacht & Jet Detailing	58/100	x NO	Low search volume (20 searches), high difficulty (KD 38), niche market

# Next Steps & Budget

## Recommended Investment Timeline

- **Month 1-2:** Focus on #1 niche (Cooking Hood Cleaning) - Highest demand and lowest difficulty
- **Month 3-4:** Expand to #2 niche (Septic Services) - Excellent commercial value
- **Month 5-6:** Add #3 niche (Mold Remediation) - Strong emergency demand

## Budget Allocation

- **Content Creation:** \$2,000-3,000 per niche

- **Local SEO Tools:** \$200-400/month
- **Directory Listings:** \$500-1,000 per niche
- **Lead Generation Tools:** \$300-500/month

### **Tactical Actions**

- Start with emergency service pages for immediate conversions
- Build neighborhood-specific landing pages for local pack dominance
- Create interactive tools and calculators for lead generation
- Develop recurring maintenance programs for steady revenue
